|---------------|-----------------------------------|
| Date          | 08/07/ 2026                       |
| Team ID       | HDI-PREDICTOR-01                  |
| Project Name  | Human Development Index Predictor |
| Maximum Marks | 2 Marks                           |

### Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

| Phase of Journey                                                            | Stage 1 Awareness                                                                                                                                                                                         | Stage 2 Input & Use                                                                                                                                                                                                                      | Stage 3 Analysis & Decision                                                                                                                                                                                                               |
|-----------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Actions</b><br><i>What does the customer do?</i>                         | <ul style="list-style-type: none"> <li>Realises manual HDI calculation is slow and error-prone</li> <li>Searches for an online HDI prediction tool</li> <li>Lands on the HDI Predictor website</li> </ul> | <ul style="list-style-type: none"> <li>Adjusts sliders for life expectancy, schooling years, and GNI</li> <li>Loads a pre-built scenario (Very High / Medium / Low)</li> <li>Reads the live HDI score and tier classification</li> </ul> | <ul style="list-style-type: none"> <li>Reviews sub-index breakdown (health, education, income)</li> <li>Reads the improvement recommendation for the weak dimension</li> <li>Exports or shares the result for policy reporting</li> </ul> |
| <b>Touchpoint</b><br><i>What part of the service do they interact with?</i> | <ul style="list-style-type: none"> <li>Google / UNDP search results</li> <li>Tool landing page / hero section</li> <li>Navigation menu and CTA button</li> </ul>                                          | <ul style="list-style-type: none"> <li>Interactive sliders for four HDI indicators</li> <li>Scenario preset buttons</li> <li>Real-time HDI score display and tier badge</li> </ul>                                                       | <ul style="list-style-type: none"> <li>Sub-index score cards with percentage breakdown</li> <li>Improvement recommendation panel</li> <li>Export to PDF / CSV / share link</li> </ul>                                                     |
| <b>Customer Thought</b><br><i>What is the customer thinking?</i>            | <ul style="list-style-type: none"> <li>Is there a tool that does this automatically?</li> <li>Will this give me an accurate HDI tier?</li> <li>Can I trust the formula used here?</li> </ul>              | <ul style="list-style-type: none"> <li>Which indicator is dragging the score down most?</li> <li>How does changing GNI shift the tier?</li> <li>Does this match the UNDP published score?</li> </ul>                                     | <ul style="list-style-type: none"> <li>Which policy intervention will have the most impact?</li> <li>How do I present this to the ministry?</li> <li>Can I simulate what-if improvements?</li> </ul>                                      |
| <b>Customer Feeling</b><br><i>What is the customer feeling?</i>             | Curious but uncertain — hopeful that the tool will save time                                                                                                                                              | Engaged and focused — enjoying the real-time feedback                                                                                                                                                                                    | Confident and satisfied — ready to act on the insights                                                                                                                                                                                    |
| <b>Process Ownership</b><br><i>Who is in the lead on this?</i>              | Product team (SEO, landing page design)                                                                                                                                                                   | Frontend development team                                                                                                                                                                                                                | Data analysis team and policy advisory team                                                                                                                                                                                               |

|                                                               |                                                                                                                                                                                                                              |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                       |
|---------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Opportunities</b><br><i>How can we improve this stage?</i> | <ul style="list-style-type: none"> <li>● Add a clear headline explaining the UNDP formula used</li> <li>● Show sample output on the landing page to build trust</li> <li>● Link to UNDP methodology documentation</li> </ul> | <ul style="list-style-type: none"> <li>● Highlight the lowest-scoring sub-index automatically</li> <li>● Show tooltip explaining each indicator's valid range</li> <li>● Add a comparison mode for two countries side by side</li> </ul> | <ul style="list-style-type: none"> <li>● Add a what-if simulation mode to project future HDI scores</li> <li>● Generate a one-page PDF summary for ministry submission</li> <li>● Allow multi-country comparison for regional benchmarking</li> </ul> |
